RE: Final Site Investigation Work Plan, Modine Manufacturing Company, Camdenton  
Missouri, Facility, August 25, 2006

Dear Mr. Sanicola:

The Missouri Department of Natural Resources has reviewed the "Final Site Investigation Work Plan, Modine Manufacturing Company, Camdenton, Missouri" submitted to the department on August 25, 2006. This document was submitted pursuant to the department's letter dated April 7, 2006, comments letter dated July 19, 2006, and comments via e-mail submitted on August 21, 2006.

CH2MHILL informed the department that the driller contracted to do the horizontal boring will be onsite on September 14, 2006, to determine the feasibility of conducting horizontal drilling beneath the building. Therefore, the department approves the subject work plan providing the driller determines the proposed work to be feasible. If the driller determines that the proposed work is not feasible then Modine must submit a new work plan to the department.

If you have any questions, feel free to contact Christine Kump-Mitchell, P.E., at the Missouri Department of Natural Resources, 7545 South Lindbergh, Suite 210, St. Louis, MO 63125-4839, or by phone at (314) 416-2960.

Sincerely,
